

CAMPBELL
UNIVERSITY

Pro Bono Clinic

What is the Pro Bono Clinic?

The Pro Bono Clinic here at Campbell University provides a learning opportunity for Student Physical Therapist while providing service, free of charge, to the community.

Who Qualifies for the Clinic?

Uninsured individuals are able to receive services from the Pro Bono Clinic.

or

Patients referred to the clinic after using their available appointments, but still requires treatment for physical therapy

Mission Statement

The Campbell University Physical Therapy Pro Bono Clinic's mission is to provide quality physical therapy services to the local community in line with the core values of the American Physical Therapy Association.

Students will be able to further develop patient-centered care, incorporate Christian values, and provide the opportunity for mentorship with an emphasis on underserved healthcare environments.

Students will also collaborate with other student-lead

Pro Bono services to become immersed in an interprofessional setting.
