

Dear Student,

The Campbell University College of Pharmacy and Health Sciences requires that all graduate students either waive or enroll in the student health insurance plan each year.

The online portal to waive or enroll is open July 1 through August 31.

A charge for illness insurance is billed to all student accounts initially and will only be removed if an approved waiver is submitted online by August 31. Students who do not submit an approved waiver by August 31 will be automatically enrolled in and held financially responsible for the student insurance plan.

International students are required to participate in the student insurance policy and will be automatically enrolled.

Students who wish to participate in the plan need to enroll online by August 31. Coverage will be effective August 1, 2019 through July 31, 2020. Students who enroll in the University plan may also insure any dependents for an additional cost paid directly to UnitedHealthcare. Policy information is available for view at [www.uhcsr.com](http://www.uhcsr.com).
