

Student Printing

using Papercut Print Anywhere Technology

Print using your device (Pc, Mac, iOS, Android, or Chrome)

1. **Connect** to CUWireless
2. **Visit the link** below or scan the QR code
3. **Download and install the Driver** or App for your device. You may need to enter your Campbell username and password.
4. When you are ready to print, **choose the PrintAnywhere** printer that was installed on your device.
5. Go to any PrintAnywhere printer and **swipe with your Campbell Card** or login using your network account. Then release your print job.
1. **LOG OUT** by tapping your name and choosing "Log Out"

Student printers are located in the Library, Maddox Hall, Levine Hall, Smith Hall, and the McLeod Athletics center.

Print from a Lab or Library computer

1. When printing **choose the PrintAnywhere [PaperCut](Mobility) printer**
2. When prompted, **enter your Campbell network** account and password
3. **Swipe your card** at any PrintAnywhere enabled printer and to retrieve and print your job.
4. **LOG OUT** by tapping your name and choosing "Log Out"

Print from a Flash Drive

To print from a flash drive, the drive must be formatted as FAT32. Only the following file types may be printed from a flash drive: PDF, JOG, or PNG

1. **Swipe your ID card** at the printer to gain access to the printer's control panel
2. **Insert your flash drive** (the USB port is located to the left of the control panel).
3. If the USB Drive Detected windows pops up, choose **Print From USB**, If not, Choose the Print From option on the control panel, choose Add Document, then choose USB.
4. **Select your document** from the list and choose OK to print.
5. **LOG OUT** by tapping your name and choosing "Log Out"

Printing and Copying Charges
