CarolinaEast Health System is dedicated to quality and compassionate care across the Coastal Carolina region. The flagship of the health system is a 350 bed full-service medical center housing a complete complement of inpatient and outpatient services with the latest technology. We have physician practices in various specialties spanning four counties. Our employees create a culture of excellence that connects our patients to the same level of care that is usually found at larger medical centers while maintaining a friendly, community feel throughout our facilities. CarolinaEast has been recognized for numerous prestigious awards, and was ranked in the top five best hospitals in the state by Newsweek Magazine.

## Join Our Team

CarolinaEast Health System offers Physical Therapy services in the acute, inpatient rehabilitation, home health, and outpatient settings. We offer flexible schedules, one-on-one treatment sessions, and patient-centered care. New or upcoming graduates are always welcome and encouraged to apply.
