

CMDA Presents: Lunch and Learn

Viewing Work as Calling

We look forward to hearing from Jessie Thomas, the national Director of Student Programming at Christian Community Health Fellowship (CCHF). She works with students who are serious about their faith in Jesus. She connects with healthcare students who want to keep Jesus at the center of their vocation.

CCHF wants students to think of their work as calling. Come and listen to ways to stay on the path to building God's Kingdom.

Lunch is provided! Please RSVP with the QR code.

Friday, November 17 at 12:30 pm, Levine Hall, Classroom 400
