Donna Springle, Secretary

The **Angier Area Buddy Backpack** Program began in 2010 to ensure that children at Angier Elementary, Buies Creek Elementary, LaFayette Elementary, and North Harnett Primary would have food to eat on the weekends. Then in 2023, Northwest Harnett School was added.

This program is totally supported by donations from churches, schools, community groups, businesses, and individuals. Whether you are a large or small group, we need your help. Just like any other service organization, we need contributions to purchase the food that goes into the bags each week. **WE RELY TOTALLY ON YOUR DONATIONS.**

If you can donate or would like more information on collecting specific food items, please contact Reba Burleson or Gail McKinney. We would love to speak with you about how you can partner with the program and help our children eat on the weekend. All donations are tax deductible and are acknowledged with a *Thank You* note reflecting the tax ID contribution.

Thank you in advance for your support.
