

PHYSICIAN ASSISTANT ACADEMIC RESIDENCY PROGRAM

The UK PA Academic Residency program is 1-year in duration and contains didactic instruction woven throughout 12 months of supervised clinical rotations. Each resident is provided individualized support, education, and mentoring.

Each residency position in medicine and surgery provides an opportunity for:

- ▶ **Intensive Clinical Work**
- ▶ **Teaching**
- ▶ **Conferences**
- ▶ **Didactic Education**
- ▶ **Research**
- ▶ **Leadership Development**

TRACK OPTIONS	Medical Tracks	Surgical Tracks
	Cardiology	Acute Care/Trauma Surgery
	Critical Care	Cardiac Surgery
	Hospital Medicine	General Surgery
	Neurology	Orthopaedics

We **collaborate** with hospitals across Kentucky to train PAs to meet current and future healthcare needs. We believe in being education centered and using our **partnerships** to create opportunities that build the next generation of **PA leaders** through specialized clinical training, teaching, research, and mentoring.

40%
of our residents were employed at their residency site

70%
of our residents were employed in the state of KY

The UK PA Academic Residency Program is committed to the **future** of health care delivery by training **specialized** physician assistants capable of providing exceptional patient care.

JOIN US AND BECOME A MEMBER OF BIG BLUE NATION!

Since 2022,
33%
of our residents identify as under represented in medicine (URM)
