

UVA CRITICAL CARE ADVANCED PRACTICE PROVIDER FELLOWSHIP PROGRAM

OUR HISTORY

Our program was developed in 2019 and boasts highly regarded testimonials from former fellows, as well as a continued alignment in the APP Fellowship infrastructure both with standard-setting organizations and expansion efforts nationwide.

OUR VISION

To promote the APP role throughout the institution and foster excellence in emerging and aspiring advanced practice providers through a rigorous yet supportive clinical and didactic specialty curriculum. We strive to increase and expand clinical knowledge for new advanced practice providers new to a field or specialty, with emphasis on teaching and delivering expert clinical care, promoting and developing valuable leadership skills, and accelerating the transition to practice for the advanced practice clinician.

OUR MISSION

Elevating future clinician leaders through enriching curriculum, counsel, and connection.
