

Meet Your Class of 2028 Advisor

Emily Ghassemi, PharmD
(gah-SIM-ee)

About Me

I am a Campbell PharmD alum (c/o 2015!) and ambulatory care pharmacist. I teach some P1-P2 lectures but will see you most in the classroom during P3 year.

My favorite part of my job is the challenge of constantly improving teaching methods with the goal of helping students go from *memorizing to understanding*. “Ah-HA!” moments are the best!

When not working, I am usually doing something outside, like exploring a new park with my husband, two toddlers, and dog.
